Little Big Man

Samson

Hey little big man
you aren't so tall without your friends
am I still a punker faggot
when they're not around'cause now the odds are ven
and you know I'm gonna win
I don't care if you're sorry
or that it won't happen again
hey little big man
hiding behind our badge and your sacred laws
your laws won't protect you now
from this gun in my hand
[Chorus]
Hey little big man
so high in the bureaucratic machine
but it only takes one bullet
to knowck that machine down
[Chorus]
