

# Hope You're Happy

## Dashboard Confessional

Which of the bold face lies will we use?  
I hope that you're happy, you really deserve it  
This'll be best for us both in the end But your taste still lingers on my lips  
Like I just placed them upon yours  
And I starve, I starve for you but this new diets liquid  
And dulling to the senses, and it's crude but it will do So which of the standard lines will we use?  
I've been meaning to call you, I've just been so busy  
We'll catch up soon, let's make it a point to But your taste still lingers on my lips  
Like I just placed them upon yours  
And I starve, I starve for you but this new diets liquid  
And dulling to the senses, and it's crude but it will do It will do, I hope it will do
