

Persuasion of You

Collective Soul

Ive got a memory
Of nothing new
Ive only memorized
All thoughts of youIm pushing on tomorrows
Gotta go, gotta go
Gotta get you back
Im pushing all thoughts forwardCause you are the one day
That tells me that someday
I'll get what to chooseYou are the one thing
That gives me that something
Persuasion of youI feel you resonate
I swear I do
Youve got my earth vibrating
No matter where Im running toIm pushing on tomorrow
Gotta go, gotta go
Till I get you back
Im pushing all thoughts forwardCause you are the one day
That tells me that someday
I get what to chooseYou are the one thing
That gives me that something
Persuasion of youYeah, you are the one day
That tells me that someday
I'll get what to chooseYeah, you are the one thing
That gives me that something
Persuasion of youDont hold back
Hold back my world
Dont hold back
Hold back now, girlYou are the one day
That tells me that someday
I'll get what to chooseCause you are the one thing
That gives me that something
Persuasion of youCause you are the one day
That tells me that someday
I get what to chooseYou are the one thing
That gives me that something
Persuasion of youYeah, you are the one day
That tells me that someday
I'll get what to chooseYeah, you are the one thing
That gives me that something

Persuasion of you
