

Fighting Chance

Hedley

The city burns down
When it all goes up in flames
When you're losing ground, ground
And life turns into a hurricane
I'll be standing here
I'll be standing by your side
It's never been this bad, but we're gonna get by, yeah
Yeah, I know we're gonna get by, yeah, yeah I got your hand in my hand
And I'm not letting go
If you're my girl, I'm your man
Till the end of the world
Walking through fire
Survivors
I know that we can
Even when it feels like we can't
We still got a fighting chance
We still got a fighting chance Can't go back
And I can't do this alone
But love's like that
It's the wind that your back when you're trying to get home, yeah, yeah I got your hand in my hand
And I'm not letting go
If you're my girl, I'm your man
Till the end of the world
Walking through fire
Survivors
I know that we can
Even when it feels like we can't
We still got a fighting chance
We still got a fighting chance Feels so good to hurt so bad
When you know somebody's on your side
To help you off the mountains you can't climb
When you just can't get it right
No I just can't get it right
I just can't get it right I got your hand in my hand
And I'm not letting go
If you're my girl, I'm your man
Till the end of the world
Walking through fire
Survivors

I know that we can
Even when it feels like we can't
We still got a fighting chance
We still got a fighting chance If you're my girl, I'm your man
Till the end of the world
Walking through fire
Survivors

I know that we can
Even when it feels like we can't
We still got a fighting chance
We still got a fighting chance We still got a fighting chance
We still got a fighting chance
