Fed Up

Sweet Ascent

Maybe I don't know what to say
Maybe I don't know what to do
To show you what, what this means to me
I can't even rationalize
Why I feel this way inside
An unexplainable phenomenon in meThis is my lifeI'm fed up with mediocre
I'm fed up with someday
I'm fed up with being sick and tired
I may not be anything
I may not amount to much
But when all is said and done no one will say I didn't tryWhere does your motivation come from?
Where is your drive?
A stagnant mind doesn't get you anything
Take your sleepless nights and mold them
Into your new life
No need to find yourself, create who you wanna beThis is your lifeI'm fed up with mediocre
I'm fed up with someday
I'm fed up with being sick and tired
I may not be anything
I may not amount to much
But when all is said and done no one will say I didn't try(HEY!)
We won't be quiet (No we won't be)
(HEY!)
We'll start a riot (This is our time)
Are you sick and tired of your excuses? (Of your excuses)
Take what's inside you and throw it away
You free your mind when you're willing to say
We are fed upI'm fed up with mediocre
I'm fed up with someday
I'm fed up with being sick and tired
I may not be anything
I may not amount to much
But when all is said and done no one will say I didn't try(HEY!)
We won't be quiet
