Soulution

Glenn Hughes

Bad kid, messin' with smart kid
What do you got? looks like trouble
Easy on the oneside
The other's a wise ride
Seems to be confusionWalk to the right
Walk to the left
Walkin' down midstreet, illusion
Slow down, the heat's on
Got to see delusionSlow down, you talk too fast
Shut your mouth
What has to be done?No confusion
No illusion
Changing fusion
It's called soulutionStreet light, bad sight
What do you got? trouble
Waitin' on a inside, get you on the outside
Seems to be confusionStep to the right
Step to the left
Walkin' down midstreet, illusion
Slow down, the heat's on
Got to see delusionNo confusion
No illusion
Changing fusion
It's called soulution
