

The boy from the sun

Niva

You came like the sun
Shining down
Weather was good
We're just fine
Somewhere to rest
My tired legs
Hope you can wait
For things to change
Oh oh You came like the sun
Shining down
Weather was good
We're just fine
Somewhere to rest
My tired legs
Hope you can wait
For things to change It's about this sort of love of mine
And I am not that far behind
Behind It's about this sort of love of mine
And I am not that far behind
Behind
Oh oh
