

OMD

Reverse Dotty

simplicity, complexity
i wanna be electricity
complexity starts with just a seed
why must you be electricity off to the side
signaled by the sound
i wanna turn away
i wanna turn around
i feel it in my feet
i feel it in my hands
i don't wanna go
i don't understand i hate you,
i hate you.. hate you and i... AAAHH!!! i don't wanna go, i don't
understand
i don't wanna go, i don't understand AAHHH!!! i don't wanna go
i don't understand
i don't wanna go
i don't understand you don't wanna go
you don't understand.
you don't wanna go
you don't understand. simplicity, complexity
i wanna be electricity
complexity starts with just a seed
why must you be electricity maybe you see me
maybe you don't
maybe right through me
to what i won't
it's in the empty spaces
that you can't see
what exactly i am
what i could...
