I'm So Bitter

Teddy Geiger

minutes turn into hours,
and hours bleed into days,
it's been years since the trouble you left me,
and i wanna say,im so bitter,
but i've seen better days,
im so bitter,
is it the better man that always walks away?no phone call or even a letter,
no words to cause me any pain,
its been years now since anything could hurt me,
through this life ill fake my way,im so bitter,
but ive seen better days,
im so bitter,
is it the better man that always walks away?watch me walk away,im so bitter,
but ive seen better days,
im so bitter,
ill be the better man
watch me walk away,im so bitter,
watch me walk away,im so bitter,
watch me walk away
