Identity Theft

Vaux

When am i gonna hear the new stuff, it better sound big.
One day you're gonna buy my lunch for this, from the other side.
I'd rather steal than foot the bill, i'd rather die
I'd rather steal than pay the bill, i'd rather lie
We stand like giants we are, we are the same size
I'd rather sleep than work this week, i'd rather die
We are like convicts we are, we do the same time.
Call the cops, there's a break in.
All my ideas someone's stolen.
Call the firemen, there's been a fire
All my life's work went up in smoke, so it seems
I stand by as it burns
And i look on as it goes up
No more time
It's not safe
No more time
It's not safe
Call the cops, there's a break in.
All my ideas someone's stolen.
When am i gonna hear the new stuff, it better sound big.
One day you're gonna buy my lunch for this, from the other side.
I'd rather cheat than earn my keep, i'd rather lie
We stand like giants we are, we are the same size
I'd rather crash than sink this fast, i'd rather die
We are like convicts we are, we do the same time.
Call the cops, there's a break in.
All my ideas someone's stolen.
