Wplj won't you take a drink with me

Well, it's a good good wine

It really makes me feel so fine, so fine, so fine, so fine I went to the store when they open up the door

I said: "please please please gimme some more"

White port & lemon juice, white port & lemon juice,

White port & lemon juice, ooh what a good to you! You take the bottle, you take the can, shake it up fine

You get a good good wine.

White port & lemon juice, white port & lemon juice,

White port & lemon juice, ooh what a good to you! The w is the white, the p is the port

The l is the lemon, the j is the juice

White port & lemon juice, white port & lemon juice,

White port & lemon juice, ooh what a good to you! Well I feel so good, I feel so fine

I got plenty of lovin', I got plenty of wine

White port & lemon juice, white port & lemon juice,

I said white port & lemon juice, ooh what a good to you!
