

Shower You With Love

Peabo Bryson

You know you knocked me off my feet
Came and made this life worth livin
You touched a special part of me
And gave me tender love Ive been missinI dont know what I said or did to make you think you want me, no
The question goes around inside my head
I lay awake sometimes at night and think about it, oh
How you made me whole again, life had made me so afraidI just wanna shower you with love
With love, love
For the rest of my life
I just wanna shower you with love, all my loveYou came and loved away my hurt
Eased the weight upon my shoulders
Gave me more than I deserved
When I thought my life was overI dont know what I said or did to make you think you loved me, oh
The question goes around inside my head
I lay awake sometimes at night and think about us, oh
I swore Id never fall again, love can make you so afraidI just wanna shower you with love
With love, love
For the rest of my life
I just wanna shower you with loveTheres no looking back, looking over my shoulder
Im leaving my past all behind, oh
Ive learned to realize, now the hard part is over
Giving you the best Ive got till the end of time
Im keeping you safe and warm, oh, ohI swore Id never fall again
Love can make you so afraidI just wanna shower you with love
With love, love
For the rest of my life
I just wanna shower you with love, loveReal love
For the rest of my life
I just wanna shower you with love
All my love, all my love, oh, ho
