

Never Gonna Break Up

Ryan Leslie

Wasted so much time for ya
Ooh I think I must?ve been blind for ya
Almost lost my mind for ya
Told myself I would die for ya
I hit that wall thinking
How I?m gonna get you back all weekend
Guess that?s your decision
You should think about what you?re missing
All day, all night
When it?s the right time I?m a find my baby
And I?m thinking like all day, all night
If it?s the right time I?m a find my baby

So I get the finest clothes I can find on retail
And I try to pay attention to every single detail
I just wanna girl who still looks good with no makeup
And when I find her I promise I?m never gonna break up

never gonna break up
(never gonna break up)
never gonna break up
(never gonna break up)
never gonna break up
never gonna break up

All this time I lost on ya
Played it cool when I should?ve flossed on ya
Had a few girls that I turned down
Wish I knew then what I?ve learned now
I hope you yearn for me
I hope your loneliness burns for me
?Cause I?m ok now
Give me time I?m a show you how I get down

So I get the finest clothes I can find on retail
And I try to pay attention to every single detail
I just wanna girl who still looks good with no makeup
And when I find her I promise I?m never gonna break up

never gonna break up

(never gonna break up)
never gonna break up
(never gonna break up)
never gonna break up
never gonna break up

And if you're wondering how I'm doing baby
I can be sure that I learned a lesson from you girl
And if you're wondering what I'm doing baby
Trust me I got it, I'm taking care of me

never gonna break up
(never gonna break up)
never gonna break up
(never gonna break up)
never gonna break up
never gonna break up

So I get the finest clothes I can find on retail
And I try to pay attention to every single detail
I just wanna girl who still looks good with no makeup
And when I find her I promise I'm never gonna break up

Break up
Break up
Never, never break up
Break up
Break up
Never, never break up (2x)
