Chemical Wedding (2001 Remastered Version)

Bruce Dickinson

How happy is the human soul
Not enslaved by dull control
Left to dream and roam and play
Shed the guilt of former daysWalking on the foggy shore
Watch the waves come rolling home
Through the veil of pale moonlight
My shadow stretches out its handAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur chemical wedding day
Floating in the endless blue
My seed of doubt I leave to you
Let it wither on the ground
Treat it like a plague you foundAll my dreams that were outside
In living colour, now alive
And all the lighthouses
Their beams converge to guide me homeAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur chemical wedding dayAnd so we lay, we lay in the same graveOur Chemical wedding day
