See Me

AB Soto

Sometimes it's easier to hide
Than to reveal what's inside
This fantasy that I live on stage
Behind the scenes when showbiz fades
All I want is for you to see
Is that I'm a East LA queen trying to live my dream
This industry can be fake and phony
I'm so genuine when you get to know me

Round and Round
It's almost 3
4am, I just can't sleep
Without your body next to me
I wake up with anxiety
Round and Round
It's almost 3
4am, I just can't sleep
I promise you no more hiding
I'm gonna let you see me

Let you, Let you see me
I'm gonna Let you, Let you see me [2x]
I'm gonna

I'm in in the light out from the dark [3x]
I'm in in the light out from the dark [3x]

Let go control of what you see
No filter, No strategy
No, not gonna care about scrutiny
Unscripted authenticity

Won't hold back anything from you
Gotta live my life, gotta live my truth
Dig real deep underneath below
Every little bit of my soul exposed

Round and Round
It's almost 3
4am, I just can't sleep

Without your body next to me
I wake up with anxiety
Round and Round
It's almost 3
4am, I just can't sleep
I promise you no more hiding
I'm gonna let you see me

I'm gonna Let you, Let you see me [2x]
I'm gonna

I'm in in the light out from the dark [3x]
I'm in in the light out from the dark [3x]

Round and Round
It's almost 3
4am, I just can't sleep
Without your body next to me
I wake up with anxiety
Round and Round
It's almost 3
4am, I just can't sleep
I promise you no more hiding
I'm gonna let you see me

I'm in in the light out from the dark [3x]
I'm in in the light out from the dark [3x]

I'm, I'm, gonna, gonna let
C'mon let you see [4x]
