## Ipecacrecordings

Two sides of half-breed  
and we both begin to bleedAnd I don't know if folks go to follow thee  
and make'em meIt's heartbeat try and mock me  
And it looks O.K. to meMy Saturday never Sunday  
and a moat a fall of theeLay down pent up thank god  
I got you wanna seeThey made it out like a child  
of the modern day anatomyIt's dirt ten and monologue  
and it make it's wall depleteLike Saturday in the night of day  
and this is all I madeBlack dog and distant crawlin'  
on a watch you for the reasonThey made it out like the child on the mind more look and find you'll see itIt's a  
hell indeed and a seventy  
and it looks O.K. to meMy Saturday never Sunday  
And moat a bite a leeTwo sides of half-breed  
Now it's just me to bleedThe count of four forty-five  
that leaves now five chop the speedIt's a dirty war and mind law  
and makes it five to fourteenIt's a heartbeat never Sunday  
and it looks O.K. to me
