Shooting Star

Bob Dylan

Seen a shooting star tonight And I thought of you You were trying to break into another world A world I never knew I always kind of wondered If you ever made it through Seen a shooting star tonight And I thought of youSeen a shooting star tonight And I thought of me If I was still the same If I ever became what you wanted me to be Did I miss the mark or over-step the line That only you could see? Seen a shooting star tonight And I thought of meListen to the engine, listen to the bell As the last fire truck from hell Goes rolling by, all good people are praying, It's the last temptation The last account The last time you might hear the sermon on the mount The last radio is playing Seen a shooting star tonight Slip away Tomorrow will be another day Guess it's too late to say the things to you
