

Waiting For Mommie

My Life With the Thrill Kill Kult

"Okay...we're gonna have a good time with this dear!"
well everyone is tellin me that you have been real naughty
running round, starting troubles, playing with somebody
now mommy thinks it time for you to learn a little lesson
and check out who you're dealin with, and who you be a messin
slam it, jam it, who cares what you do
take it, and make it, i'm comin for you
slam it, jam it, ride it, don't stop
move it, groove it, when mommies on top
Get your hard ass over here
Don't even try and run
Get your hard ass over here
Time for lesson number one
slam it, jam it, who cares what you do
take it, and make it, i'm comin for you
slam it, jam it, ride it, don't stop
move it, groove it, when mommies on top
"That's enough tantrum for one day, lie down, mother thinks you ought to
sleep it off!"

"Okay...we're gonna have a good time with this dear!"
"Okay...we're gonna have a good time with this dear!"
well everybodys is tellin me that you have been real naughty
running round, starting troubles, playing with somebody
now mommy thinks it time for you to learn a little lesson
and check out who you're dealin with, and who you be a messin
Get your hard ass over here
