

# Friend Zone

## Danielle Bradbery

I'm not talking smack, you know there's no pity, pity  
Trying to put in words that you'll understand  
You don't call her back, you think it's no biggie, biggie  
Seconds on the clock, you need a touchdown  
You thought you had a shot, you were good to go  
There's never three strikes in love, you know  
When she gets mad, it ain't gonna be pretty, pretty  
Won't see it coming, it's like a curve ballYou think you're doing just fine  
Ooh, she got you on the sideline  
You think you're flying towards the end zone  
You're just headed towards the friend zoneLet me break it down to the facts  
You will never get a girl like that  
You gotta step up to the plate with a bat  
That's all I gotta say about thatYeah, you gotta take her out and spend a little money, money  
Show her she's worth more than \$3.99  
No room for doubt, I'm not being funny, honey  
Tell her how you feel, she can't read your mind  
You thought you had it on lock, you were good to go  
But there's never three strikes in love, you know  
I'ma help a brother out, it ain't gonna be sunny, sunny  
You commit the crime, you're gonna do timeYou think you're doing just fine  
But, ooh, she got you on the sideline  
You think you're flying towards the end zone  
You're just headed towards the friend zoneLet me break it down to the facts  
You will never get a girl like that  
You gotta step up to the plate with a bat  
That's all I gotta say about thatAll I need is a bass and the beat and my banjo  
Bass and the beat and my banjo  
Bass and the beat and my banjo  
Yeah, yeah, yeah, yeahLet me break it down to the facts  
You will never get a girl like that  
You gotta step up to the plate with a bat  
That's all I gotta say about thatLet me break it down to the facts  
You will never get a girl like that  
You gotta step up to the plate with a bat  
That's all I gotta say about thatYou think you're doing just fine  
But, ooh, she got you on the sideline  
You think you're flying towards the end zone  
You're just headed towards the friend zoneYou think you're doing just fine

But, ooh, she got you on the sideline  
You think you're flying towards the end zone  
You're just headed towards the friend zoneFriend zone  
You're just headed towards the friend zone
