Stay

Lillix

I'm unlisted, I'm resisiting, all the lies the minds are twisted
Can't believe in honesty, please don't turn your back on me
I am breaking, molding, making. All these thoughts are over taking.
Everything I want to see, hoping you will stay with me.I... am weakening. I... am weakening. Stay.Am I folding? No, I'm holding on to what the signs are showing
Everything that's meant to be doesn't come so easily.I... am weakening. Yeah, I... am weakeningIf I was gonna lose you, so what I'm gonna lose you
Either way, either way.
But my heart didn't choose to, so what I'm gonna lose you, yeah.
Either way. Either way, stay.You got it, you got it all...
And you got it, and you got it all...Oh... why am I weakening?If I was gonna lose you, so what I'm gonna lose you
Either way. Either way.
But my heart didn't choose to, so what I'm gonna lose you
Either way. Either way, stay...Oh... stay. Stay... Stay...
