Pulled Over the Car

Morphine

I was driving my car, driving my car
I was getting kind of tired so I pulled over the car
Pulled over the car, I pulled over the carI got out of the car walked around the car
I got a little air, I felt better
I got back in the car, back in the carWell as soon as I got back behind the wheel
I felt all tired again
So I pulled over the car, I pulled over the carI got out of the car walked around the car
I got a little air, I felt better
I felt better, I felt much much betterSo I got back in the car, back in the car
Well as soon as I got back behind the wheel
I felt all tired again
So I pulled over the car, I pulled over the carI got out of the car walked around the car
I got a little air, I felt better, I got a little air, I felt better
I felt much much much much betterI got back in the car, I got back in the car
Well you know as soon as I got back behind the wheel
I felt all sleepy and tired againBut I can't be pulled over every 15 minutes
Just because I feel a little sleepy and tired
So I kept on driving fell asleep at the wheel
Yes I kept on driving fell asleep at the wheelI hit a tuck, I hit a truck
I got out of the car I walked around the car
I checked it out, totaled
