

# Write This Down

## George Strait

I never saw the end in sight  
Fools are kind of blind  
Thought everything was going alright  
But I was running out of time 'Cause you had one foot out the door  
I swear I didn't see  
But if you're really going away  
Here's some final words from me Baby, write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down Take my words and read 'em everyday  
Keep 'em close by, don't you let 'em fade away  
So you'll remember what I forgot to say  
Write this down I'll sign it at the bottom of this page  
I'll swear under oath  
'Cause every single word is true  
And I think you need to know So use it as a bookmark  
Stick it on your 'frigerator door  
Hang it in a picture frame up above the mantel  
Where you'll see it for sure Baby, write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down An' take my words and read 'em everyday  
Keep 'em close by, don't you let 'em fade away  
So you'll remember what I forgot to say  
Write this down You can find a chisel  
I can find a stone  
Folks will be reading these words  
Long after we're gone Baby, write this down, take a little note  
To remind you in case you didn't know  
Tell yourself I love you and I don't want you to go  
Write this down Take my words and read 'em everyday  
Keep 'em close by, don't you let 'em fade away  
So you'll remember what I forgot to say  
Write this down Oh I love you and I don't want you to go  
Baby, write this down
