

Everyday Combat

Lostprophets

Bar fight, week night
You don't look right, poor mite, no bite
Wake up, first light
This is what we live and what we see
Dance club, strip light
Get drunk, no sight, watch it ignite
Live it up tonight
Nobody really cares, but it's not for me
So raise your glass my son
We're telling everyone
Living in everyday combat
Day to day commuter riot
Shot down, dancing in the DMZ
And we will
Walk on, streets on fire
Caged in with razor wire
Shot down, living in the DMZ
Living in the DMZ
Times up, let's go
All that we know, release tension
You're my hero, after dark
Terror in the town high street
And I know
You can't stop full throttle
Get involved mate, broken bottle
Invasion, panic on the cold concrete
So raise your glass my son
We're telling everyone
Living in everyday combat
Day to day, commuter riot
Shot down, dancing in the DMZ
And we will
Walk on, streets on fire
Caged in with razor wire
Shot down, living in the DMZ
Living in the DMZ
Living in the DMZ
Living in the DMZ
Right, yeah
Let's go
Living in everyday combat
Day to day, commuter riot
Shot down, dancing in the DMZ
And we will
Walk on, streets on fire
Caged in with razor wire
Shot down, living in the DMZ
Living in the DMZ
Oh yeah, oh yeah
Living in the DMZ
Oh right, oh yeah
Living in the DMZ
Don't think you're safe 'cause it's not over
Don't think you're safe 'cause it's not over
Don't think you're safe 'cause it's not over
