

Brand New Love

The Secret Handshake

Just pick up the phone
And tell me your name
I just need to know if you have a man today
Just pick up the phone girl
Don't turn me away
I got your number from a friend
Who said you were feeling me
I could be your man
And be there for you
I would be around
Baby be a dream come true
Just give me a chance girl
I'm really feeling you
I wanna tell you everything
This love is so brand new
Girl you know that i am your man
I've been feelin you, feelin you oh
I need you to feel me, thats the plan
So tell me you in girl
Cause i'm feeling you
I know i want you to be everything for me
And i'll take you out girl
Baby have a good time

Make you forget everything
Only love is on your mind
I could be your man
And be there for you
I would be around
Baby be a dream come true
Just give me a chance girl
I'm really feelin you
I wanna tell you everything
This love is so brand new
Girl you know that i am your man
I've been feelin you, feelin you oh
I need you to feel me, that's the plan
[x2]I just want you to say, ohh
I just need you to say, ohhh

I just want you to say
You love me, ohh
[x2]Girl you know that I am your man
I've been feelin you, feelin you oh
I need you to feel me, that's the plan
[x2]
