

# King of a Stellar War

## Rotting Christ

the king of the inner dominion  
the circle of the lost lovers  
those who start the monarchy  
melodies of them who gave up the ghost a new sovereign  
son of the first king  
after the seizure plague  
dressed in serrated armour  
sensual descendant  
of carnal love  
semaphore  
of all unearthly souls  
married  
to the divine war  
king of a stellar war  
dedicated to his father's vow  
swear in power to low  
asylum in his world  
dazzle his hordes  
emeron
