

Alcohol Remix (feat. SkyBlu)

The Cataracs

DUI, no not I
Nope, way too fly, bitch I'm sky
I take shots, like a 9 to 5
I make it make it make it rain like I pass the time
Yep I'm a vulture when she dances
I swoop down and the chick will think I'm handsome
Wings on the whip, we can fire the coupe
Got drink, what you tryna do? (What you tryna do?) Hey boy, can you fill my cup? Boy, can you fill my cup?
(What you tryna do??)
Yea girl, you can drink with us, but you gotta drink it up
(What you tryna do??)
Hey boy, can you fill my cup? Boy, can you fill my cup?
(What you tryna do??)
Yea girl, you can drink with us, but you gotta drink it up

Plan A, I could play it cool
But I pick plan B cause I'm off that brew
I said look here girl, I've been around the world
You got the right credentials
I didn't make the cut to be a doctor but
I got some some nice utensils (What you tryna do?) Hey boy, can you fill my cup? Boy, can you fill my cup?
