

Favorite Afternoon

Chick and Soup

A gulp of sweet and warm tea
For this afternoon full of glee
And you're here beside me
With the smile and the voice We're sitting at the terrace
Enjoying the orange skies
Through those cups of tea
The conversation flows Reff : I'd love to do this everyday
Afternoon in the terrace
Tea and you
Tea and you
Just completing each other
And make every afternoon be my favorite
Tea and you You keep talking about your day
I just keep quiet and listen
When the sun goes down
You kiss me on my cheek Reff 2x Afternoon in the terrace
Tea and you
Afternoon in the terrace
Tea and you
Afternoon in the terrace
Tea and you
Afternoon in the terrace
Me and you
