

Hi-Line

Heartless Bastards

Oh well I'm remembering when
We were so young and innocent oh-oh
So young and free
The smell of pine on my mind
Running through some drudges oh-oh
On the hi-line
Oh it's all the time
So I want to be home Without you here
Here in my life
I'm so lost
Without you here
Here in my life
It looks like all night It's been so long without you here
Trying to look out of steer oh-oh
Since you've been gone
Smell of pine on my mind
Running through some drudges oh-oh
On the hi-line
Oh it's all the time
So I want to be home Without you here
Here in my life
I'm so lost
Without you here
Here in my life
It looks like all night [Riff] Oh, it's all the time
So I want to be home Without you here
Here in my life
I'm so lost
Without you here
Here in my life
It looks like all night
