Princess Of The Night

At Vance

I've been waiting for such a long time
and I didn't care there was nothing left to lose
I couldn't find the sense of my life
until the day when you appearedand from the moment you've entered my world
you made me turn around
and you stole my heart away
but now you've gone
my life's just dark and grey
so here is what I say....when the sun comes down
I'll be by your side
and when the evening's there
you'll be my princess of the nighttime moves on and I can't make it stand
you never cared for me and you've just let it end
what have you done you've thrown it all away
and now my heart is empty, nothing left to sayand from the day that you've captured my heart
you filled me up with love
you made my dreams come true
so now you've gone
there's no eternity
so here is what I say...when the sun comes down
I'll be by your side
and when the evening's there
you'll be my princess of the nightlet me take your hand
and lead you to the promise land
I'll be next to you
Cause you're my princess of the night3x
so when the sun comes down
I'll be by your side
and when the evening's there
you'll be my princess of the night
