# Dancing

## Tindersticks

I understand everything
I understand everythingTake me in your arms, you knew how I feel
Before I knew, I was up to my neck
First time we danced
So I'll tell you what brought you home tonight
So, you're back, what brought you home?
Oh, the dancin'Take me in your arms, you knew how I feel
Running home, I couldn't wait to be inside you then
You were all around me then
So, is that what brought you home tonight?
Do you know what brought you home tonight?
Was it the dancin'?Before I knew, I was up to my neck
The last toe leaving ground
First time we danced
