

# Birds Fly Backwards

[Ed Harcourt](#)

Sad, blue, the world is upside down  
And birds fly backwards  
Cats, dogs, fall first upon the ground  
And birds fly backwardsPacked bags in the hallway  
Where we used to play all day  
We're hitting the road that  
Leads us back againSad, blue, the future's not too clear  
And birds fly backwards  
And birds fly backwards  
Clouds tower, I have nothing to fear  
And birds fly backwardsPacked bags in the hallway  
Where we used to play all day  
We're hitting the road that  
Leads us back again  
To the same old world we left  
Oh, oh, oh, oh, oh, oh
