## **Answer Me**

## **Vertical Horizon**

It seems you're feeling down You don't know how long But you know you don't like it Lost in your roomIt seems you're feeling tired You don't know what from One too many parties Makeup hides the woundsAnswer me Giving up won't get you out Can't you hear me Come and leave this room of doubt Answer meIt seems you're feeling scared You don't know how come Hiding in the shadows Praying for the sunAnswer me Giving up won't get you out Can't you hear me Come and leave this room of doubt Answer meIt seems you're feeling old You don't know how long Holding on to memories Waiting for the songAnswer me Giving up won't get you out Can't you hear me Come and leave this room of doubt Answer me
