no. one

Ms. John Soda

Number one
Number two
Number four

The things you said, forgotten
Did you say we are alike?
The things you said, forgotten
What did you say?

Number five
Number six
Number eight

The things I said, forgotten
Did I say we are alone?
The things I said, forgotten
What did I say?

I wanna know, I can't remember
I can't rewind nor recall
I wanna know, I can't remember
I can't rewind nor recall

Number nine
Number ten
Eleven

Some things, sometimes, go wrong
Don't long for something that's gone
Don't try to bring it back
Don't try to understand

One second, I thought, what?
Two seconds later, forgotten.
Do you know? Do you care?
Do you remember?

I wanna know, I can't remember
I can't rewind nor recall
I wanna know, I can't remember

I can't rewind nor recall

I wanna know, I can't remember nor recall
