It Takes A Man And A Woman

Sarah Geronimo

well it just takes a start
to get up so high
one touch of blue
to paint up the sky
and it only takes
a master of art
to paint a mother and childwell it just takes the dawn
to break up the sun
one lullaby
May do be join
but these wondrous things
ain't got what it takes to to make two hearts beat as one
it takes a man and a woman
and one magic moment to know they're in heaven
it takes a man and a woman to feel what where feeling and made it a miracle
that should take a woman like me
to love a man like you
well it just takes a rainbow
wether to fall
just take something up to catch you a rainbow
and if you got some time and a ladder to climb you'll find the rainbow is inoh ohwell it just takes a notes
to write a song
la la la la
to sing a long
but since I need
when feelings get strong to do what's come naturallyoh ohit takes a man and a woman
and one magic moment to know they're in heaven
it takes a man and a woman to feel what where feeling
and made it a miracle
that you take a woman like me
to love a man like you
ohh
oh woohit takes a man and a woman and one magic moment to know they're in heaven
it takes a man and a woman to feel what where feeling and they did a miracle
that you take a woman like me
to love a man like you
take a woman like me
to love a man like you...
