Fuck in LA

Amen

We stay out all night, we piss and then we moan
Got coke heads that never rest at home
You got Outkast, you got to dress the best
You got a Rolex that tells American timeWhat you want to lie down for
Calm down because you can't
Whatcha want to, whatcha looking at
Live it up because you can'tDon't want to look alive
We want your suicide
We don't do what you do
We don't live hereFuck in LA
Fuck in LA
Yeah, fuck in LA
Fuck in LANazerenne says we go to Cancun
You can't do this with Nazerenne and you
We got 12 steps and a chip and we walk
Down the street without a life to be shut outDon't want to look alive
We want your suicide
We don't do what you do
We don't live hereFuck in LA
Yeah, fuck in LA
Fuck in LA
Yeah, fuck in LAFuck off
Fuck in LA
Fuck in LACross your legs and sleep tonight
Beat your lovers till the sunlight
Cross your legs and sleep tonight
The whiskey bar's gone serve usDon't do this you can't run
You got 24hours with your favorite gun
We don't do what you do
We don't live hereFuck in LA
Yeah, fuck in LA
Fuck in LA
Yeah, fuck in LA
LA, LA, LA, LA
