

# One Cold Day

## Lacuna Coil

Sometimes the sun shines cold  
The road is lonely as I walk alone  
In the sky the clouds are racing fast  
It's becoming so cold outside  
Time has come  
Time has come  
And the clouds gather above me  
And the clouds gather above me  
As I stand in the rain of this cold day  
Tears are the words when I cannot confess the pain  
Time will heal but I don't want to feel  
Sometimes it's hard to let go  
It's hard to move along the scars of life  
Memories are blooming in the gloom  
As I'm feeling so cold inside  
Cry in the rain  
Release the pain  
So cry now  
Cry now and let it go
