Insatiable

Elise Estrada

There's more to me than meets the eye
So come and look inside, go deep
'Cause beauty's more than skin deep
Don't need to know the kind of guy
Who's quick to drop the fly
Wam, bam, that ain't who I am
Don't let a-let my booty beauty
Be the, be the only reason you wanna ride
No oh, no oh, no uh oh
Don't let a-let my hotty body
Jack the fact that I got a lot more in mind
No oh, no oh, no uh oh
If it's just the physical
It would be sensational
But if you really got into me
You know you'd be insatiable
There's more to me than eye candy
And the part that you can't see, it's so sweet
'Cause beauty's more than skin deep
If you took the time to get to know the real me
You'd know, I'm on another level
Don't let a-let my booty beauty
Be the, be the only reason you wanna ride
No oh, no oh, no uh oh
Don't let a-let my hotty body
Jack the fact that I got a lot more in mind
No oh, no oh, no uh oh
If it's just the physical
It would be sensational
But if you really got into me
You know you'd be insatiable
Insatiable, insatiable, insatiable
More and more and more and more
Insatiable, insatiable, insatiable
More and more and more and more
You ain't seen nothing yet
Don't know what you get till you get
You ain't seen nothing yet
Don't know what you get till you get

If it's just the physical
It would be sensational
But if you really got into me
You know you'd be insatiable
