High and Unhinged

Les Savy Fav

why did you leave me alone
in that black cavernous hole
why did you leave me to die
i know why
i know why
i know why
i know why
i know why
i know why
i know whybecause your sick of yourself
i'm pretty sick of you too
you think that cutting me out
can fix the things that you do
and you've done to adieu
and become some approved
and below
by the crowd
that you've covered in a hole
that you know
that its you
who's all aloneout on the fringe
we get high and unhinged
and the outcasts are in
pressing skin onto skin
onto skin
onto skinhow many hands
have you been
to get to rings you can kiss
how many souls you dismissed
so you can get on a list
so elite for effect
so a feat
that you let them mistreat you
you know dress just right
and you speak so fine
they've turned you so uptightand they've been so unkind
and they're wasting your time
and they're robbing you blind
and they'll leave you behindand you know

that i know
that it's you
who's all alone
out in the fringe
we get high and unhinged
and the outcasts are in
pressing skin on to skin
on to skinout in the fringe
we get high and unhinged
and the outcasts are in
pressing skin on to skin
on to skin
on to skin
on to skin
on to skinso you burieded your foes
and buried your friends
and you're keeping a list
and the list never ends
cause you buried your foes
and you buried your friends
and you're keeping a list
and the list never endswell were waltzing away
to the bottom of the ground
yeah we're waltzing to the bottom of the barrel
and we're waltzing away to the bottom of a barrel tonightwell were waltzing away
to the bottom of the ground
yeah we're waltzing to the bottom of the barrel
and we're waltzing away to the bottom of a barrel tonightwell were waltzing away
to the bottom of the ground
yeah we're waltzing to the bottom of the barrel
and we're waltzing away to the bottom of a barrel tonight
