Elysia

Cemetary

visionaire - silverscreen
distant mirrors all I see
shadows dancing closer
dripping from the orbmaster of misery
well, it's all said and done
hallucinations scream
yes, I will swallow the sunno warmth within my heart
the blood upon my door
the demon's free at last
please let me drown the pastthunderbolt - scorpio
13 nails into the soul
bleeding - kneeling down now
clutcing at the straws
