Break That Last Glass

Throwdown

Advisory - the following lyrics contain explicit language:

Faster and faster, heading for disaster. Forward to die. Death to life. When I'm happy. When I'm sad. When I'm mad. Drive me dead. In the dead of night, tears fall like rain. Upside down inside a mind of pain. Spill that drink, break that glass. You're drunk as fuck, drive me dead. Break that last glass.
