

# Break That Last Glass

## Throwdown

Advisory - the following lyrics contain explicit language:

Faster and faster, heading for disaster. Forward to die. Death to life.  
When I'm happy. When I'm sad. When I'm mad. Drive me dead. In the dead  
of night, tears fall like rain. Upside down inside a mind of pain. Spill  
that drink, break that glass. You're drunk as fuck, drive me dead. Break  
that last glass.
