Hallucination

Fallujah

A breeding of coercion
Swarming hallucination
and the future of Eden overgrowsFormation of material hatched from organic creation
incubating the warmth of it's core for the Earth rebornAtmospheres procreate the landscapesOrganic life forms spawnedExistence a hallucinated vision
Prosthetic and somatically flawed
Ritual sacrifice of Gaia's birth
Existence a hallucinated vision
Prosthetic and somatically flawed
Ritual sacrifice of Gaia's birthTaming of the Earth
The forest's oxygen
[?]
Set the bloodlines for the demise of itself
Industrial contamination withheld
Born, the eccation of god
severed from the head of the exiled
