## Rush

Suddenly, you were gone
From all the lives you left your mark uponI remember, how we talked
And drank into the misty dawn

I hear the voices, we ran by the water

On the wet summer lawnI see the footprints, I remember

I feel the way you would

I feel the way you would

I feel, I feel the way you wouldTried to believe but you know it's no good This is something that just can't be understoodI remember, the shouts of joy skiin'

Fast through the woods

I hear the echoes, I learned your love for life

I feel the way that you wouldI feel your presence, I remember

I feel the way you would

I feel the way you would

I feel, I feel the way you would

This just can't be understoodI tried to believe but you know it's no good

This is something that just can't be understoodI remember

I feel the way you would
I feel the way you would
I feel, I feel the way you would
This just can't be understood
