Of Ash and Torment

Skeletonwitch

Burn for your betrayal
For your liesSuffer in the fires of hell
Blister in the pain
Burn forever in damnation
Tortured in the flameYou shall never know of flesh againBound to this fate you suffer
Tortured within this domain
Commit your flesh to the fire
Your soul condemned to the flame
For I am the path of torment
Through me everlasting pain
Burn in the darkest of fires
Burn for Eternity
