My Life

Mali Music

You know we spend a whole lot time
Thinking we living when we dead inside
We telling people what we see
Telling people what we heard
But there just lies
Because we are all deaf
And we so, so blindSo in honor of the truth it
Tell the people, tell 'em I'ma get it
No one wants to hear it but I guess it's
Best that we go near it
It's seeming to be very, very necessary
I mean it
And I'm on one
So come a lil' closer
Yes I'm on son
Holding with all my might
And I promise I ain't letting go
Til' I get what I ain't got no more
When need a peace of mind
Yeah I lost it and I'm looking for it
Sometimes I feel like, I got nowhere to go
My days get dark and my nights get cold
That's when I need you
I know running long
So if you got the peace, if you got the love
Say I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, aloneSee we using a whole lot of energy trying to hold it all together
When the truth is busting out the seams
We call ourselves doing it
We call ourselves chasing dreams
It's crazy cause we all know in our hearts
It's never really what it seems
So instead of fronting more
Let's go back
Start from the beginning
Let's be honest
And tell what's happening

See we ain't on that
It's sad cause we've been fronting so long
Now we don't even know how to start on being real
But I got you
My head hurt and my back do to
And sometimes I don't know what I'm going to do
I worry, you worry
It's natural to worry
Cause life get's ugly, it ain't always pearlySometimes I feel like, I got no where to go
My days get dark and my nights get cold
That's when I need you
I know running long
So if you got the peace, if you got the love
Say I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, aloneOoh what's really happening
(What's really happening)
Tell us what's going on
Won't you tell us what's going on
I see you came and I'm glad you did
(Glad you did)
Cause I need you in my life
I need it in my lifeSometimes I feel like, I got no where to go
My days get dark and my nights get cold
That's when I need you
I know running long
So if you got the peace, if you got the love
Say I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
I need it in my life, my life, my life, alone
