

# Fight Song (feat. Drew Bodine) [Live]

## Central Live

There's no turning back, there's no battle that can last, there's nothing we can lose  
God is on our side and he will lead us through this fight, till victory is through

Chorus:

We will go and we will run, we will stand for all you've done  
We will fight this war, the kingdom's yours, the battle has been won.  
YEAH!

You are fierce in war, your force resounds the loudest roar, all will tremble at your name  
You will never fail, to the end you will prevail, the world will tell of your great fame(?)

Chorus:

We will go and we will run, we will stand for all you've done  
We will fight this war, the kingdom's yours, the battle has been won.(x2)

Bridge:

We will go (go go go) we will run (run run run) we will fight (fight fight fight) we will stand our ground (x3)

Chorus:

We will go and we will run, we will stand for all you've done  
We will fight this war, the kingdom's yours, the battle has been won. (x2)
