

Killing Me

Sugarcult

Yesterday I broke your heart in two
Today I wanna waste my life with you
but its over, over
But kissin you's a drug bad for my health
I dont wanna touch anybody else
and its over, over, so over
Its killin me!
Gently, silently, Im dyin inside
Gently, silently, Im dyin inside
I hear it in your voice on the telephone
and its over, over, so over
Youre so good at playin stable when you'r all alone
Its killin me!
Gently, silently, Im dyin inside
Gently, silently, Im dyin inside
Im down and out(down and out)

Im fallin down(fallin down)
Im drownin now(drownin now)
Im upside down...
This time now Im fallin down
Gently, silently, Im dyin inside
Its killin me!
Gently, silently, Im dyin inside
Gently(giving up)
dyin(giving you all you want)
silently(all I've got)
Gently(giving up)
silently(all I've got)
dyin(giving you)
inside(all you want)
Yesterday I broke your heart in two
