

# Machine

## Born of Osiris

Take another look at yourself  
tell me what do you see x2  
yours souls reflection  
is it what it used to be  
Take another look at yourself  
tell me what do you see  
answers revolve around our heads  
like figures of our imagination  
measures are taken to purge pleasure and take life in as pain  
this is bigger than you and me x2  
alarms as you  
wake from his dream  
human fellowship is sacred  
this is bigger than you and me  
Take another look at yourself and  
tell me what do you see x2  
yours souls reflection  
is it what it used to be  
Take another look at yourself and  
tell me what do you see  
as we move along waiting here  
our days repeat and increase  
your default setting  
runs your life secretly  
which direction are you heading  
escape the pressure  
this is bigger than you and me  
alarms as you wake from his dream  
human fellowship is sacred  
cuz this is bigger than you and me  
alarms as you wake from his dream  
human fellowship is sacred  
cuz this is bigger than you and me  
separate yourself from the machine  
embrace your own identity x2  
escape the pressure  
Take another look at yourself and  
tell me what do you see x2  
yours souls reflection  
is it what it used to be  
Take another look at yourself and  
tell me what do you see  
yours souls reflection  
is it what it used to be  
yours souls reflection  
is it what it used to be  
what do you see!!!
