## From Autumn to Ashes

Advisory - the following lyrics contain explicit language:

M 4 V T C and H  
Might need to provide this number at the gate  
Steady pilot 'cause I'm half afraid  
I can't believe you'd ask me that  
'Cause I don't believe in fate Would you be depressed if I attend that wedding?  
But only as a guest  
Such an unfaithful bride draped in dress  
Threads of my..So sing it loud, drown out the feeling  
When you're feeling much more odd than  
Half as true as dishonored seamen  
Well breathe Pacific and fight our demons Would you be depressed if I attend that wedding?  
But only as a guest  
Such an unfaithful bride draped in dress  
Threads of my...So arch your back and flip your hair  
Make eye contact so you know I care  
So arch your back and flip your hair  
Make eye contact, you know I care, you know I care But only as a guest  
Such an unfaithful bride  
Draped in dress  
Threads of my regrets
