The One That Got Away

Lil Eddie

Leave her alone
She's like a bed of roses
And a heart of stone
You'll never know
Until the stars are gone and the money's blown
No matter what you say or do
When the ship goes down
She's gone tooShe was the one that got away
She was the one true thing
That you couldn't save
And like a car you couldn't drive
Daddy's little girl who never waved goodbye
Hey, the one that got a...She'll get you high
But there ain't no drug that'll keep this alive
And when she smiles, you see a smile
But don't be fooled
She can only see for miles
No matter what you say or do
When the ship goes down
She's gone tooShe was the one that got away
She was the one true thing
That you couldn't save
And like a scar you couldn't hide
Daddy's little girl never waved goodbye
Hey, the one that got away(Let her go, let her flow, let her go)No matter what you say or do
When the star is gone
Hey...(Let her go, let her flow, let her go, let her flow, let her go)She'll be the one that got away
She'll be the one true thing that you couldn't save
And like a car you couldn't drive
Daddy's little girl who never waved goodbye
Hey...
The one that got away
(Let her go, let her flow, let her go, let her flow, let her go)
The one that got away
(Let her go, let her flow, let her go, let her flow, let her go)
The one that got away
The one that got away
